(FOLLOWS CBSE PATTERN)

“School comes from the Greek word for
leisure-leisure in which to learn,
a place where students and teachers can flower,
a place where a future generation can be prepared,
because schools are meant for that,
not just merely to turn out human beings
as mechanical, technological instruments; but
also flower as human beings, without
fear, without confusion, with great integrity.”

Doon International School, Sri Muktsar Sahib is a proud branch carrying forward the legacy of 28 years in education. With a commitment to academic excellence and holistic development, we uphold the same values and ethos that have made our parent institution a symbol of educational distinction.

SRI MUKTSAR SAHIB

Sri Muktsar Sahib, a historic city in Punjab, is renowned for the Battle of Muktsar (1705), where Guru Gobind Singh's warriors attained martyrdom and liberation. Named after this event, "Muktsar" means "the pool of liberation," honoring the Chali Mukte (Forty Liberated Ones).

Today, it is a major Sikh pilgrimage site, home to Gurdwara Sri Muktsar Sahib and the annual Maghi Mela. Beyond its religious and historical significance, the city serves as an educational hub, with institutions like Doon International School shaping future generations.

The city's rich heritage inspires a strong sense of history, resilience, and values among students, fostering both academic excellence and cultural awareness.

THE SCHOOL PHILOSOPHY

Doon International School aims primarily at the education of young children without distinction of cast and creed through the play way and other modern methods of imparting education, in order to eradicate from their minds the fear of going to school or sitting for examinations.

The course of studies is international in its scope and ambit, and includes varied subjects like English, Mathematics, Social Studies (History, Geography, Civics), Sciences (Physics, Chemistry, Biology), Environmental Studies, Information Technology, Languages (Hindi, Sanskrit, French, Punjabi), Political Science, Home Science, Value Education, General Knowledge, Art & Craft, Music & Dance, Physical Education etc.

The School is run by a registered, educational society consisting of committed educationists and social workers of long standing and high repute. There is a general atmosphere of involvement, dedication and solicitude in all spheres. The school philosophy encourages the students to become global citizens.

The highly qualified and trained staff not only implement the curriculum but also generate an enthusiasm for learning and a questioning critical disposition.

The core purpose of Doon International School is to create an inclusive community of confident, motivated and successful learners and we aim to achieve this by the following measures :

- By recognising that each child is different and by encouraging our children to reach their optimum potential based on individual ability and to develop lively, enquiring and reflective minds.
- By building a strong academic foundation and equipping our children with all the requisite skills required for them to excel in their future endeavors.
- By giving meaning and enjoyment to the student's learning experience and by encouraging self motivation, enterprise and a commitment to lifelong learning.
- By providing a balanced and inclusive school curriculum that introduces the children to all aspects of knowledge and experience.
- By motivating and educating our students to be responsible citizens with particular focus on developing in them a strong character with personal traits such as kindness, empathy, tolerance, understanding, respect and integrity.
- By inculcating in our children a deep respect for human relationships and diversity irrespective of beliefs, religion, culture or status.

ACADEMICS

The school follows CBSE (Central Board of Secondary Education) New Delhi. The CBSE envisions a robust, vibrant and holistic education that will engender excellence in every sphere of human endeavor. Doon International School, Sri Muktsar Sahib is committed to providing quality and holistic education to promote intellectual, social and cultural vivacity amongst its learners.

It works towards involving a learning process and environment, which empowers the future citizens to become global leaders in the emerging global society.

Doon International School, Sri Muktsar Sahib has a broad based curriculum which anticipates the increasing range of opportunities for the bright future of the children. We nurture children to become responsible adults and outstanding leaders who will make useful contributions to the society.

THE SCHOOL PROGRAMME

At the Doon International School, interaction with the children is a round-the-clock engagement. The programme is devised to keep them occupied in worthwhile activities in order to develop their personality and character.

Hence a large number of co-curricular and extra-curricular activities are an integral part of the school programme.

THE DAY'S ROUTINE

The daily routine begins with the school assembly is followed by the regular class room schedule.

This consists of 40 minute periods interspersed by a fruit break and a lunch recess. The actual number of class room periods may vary from class to class depending upon the age group of the students. The end of class is followed by the school sports.

CREATIVE SKILLS

We believe that creative achievement creates a confident human with great self-worth and esteem. Music and theater, pottery and painting, crafting models are not extra-curricular activities; they are co-curricular activities integrated into their course of study to let the children understand how all learning is interconnected – baking with Chemistry, bowling with Physics, music with Mathematics...

PERSONALITY DEVELOPMENT

Students grow in various directions; their interests are kindled by various stimuli; their awareness expands in direct proportion to multidimensional exposures directed at them. Recognizing this, debates, quizzes, competitions, exhibitions are all organized to build an interest and awareness in what is happening in the world around them and equip them with the required confidence and ability.

EDUCATIONAL TOURS AND OUTINGS

The school considers educational tours, treks and outings as an integral part of a child's complete education. It is deemed desirable that all children participate in tours, treks and outings organized at the school level twice a year in order to inculcate in them sensitivity towards the environment, geographical diversity and ways of living of people of various regions, and familiarize them with their ancient and modern culture and civilization.

The school tours not only open the nascent minds to the wider world but also help expose them to different and diverse ways of life, thus developing in them a broad outlook. In addition to the two long mid-term excursions, the school regularly organizes weekend picnics and daytrips for the school students.

GAMES & SPORTS

In order to keep the children fit in mind and body, each child is required to participate in one or more games and/or sports, especially in those in which he/she excels.

The school has arrangements for regular sports practice in all popular sports such as Badminton, Cricket, Football, Tennis, Athletics, Basketball, Skating, Shooting etc.

Apart from monthly tests, results of which are also intimated to the parents, examinations are organized as per the following schedule:

INTERNATIONAL FOCUS

At the time of its inception, the founders of the Doon International School felt the need to create an educational institution that is truly 'International' in the all aspects, an institution that would fulfil the needs of not just resident Indians, but also those residing outside India.

The school believes that the positive aspects of Indian culture, traditions and values must be imbibed in all our children in their formative years. It was therefore felt that Doon International School, amongst other areas of focus, should also aim at providing complete, quality education to children of parents who reside in other countries.
